Audience: 70

Location: India and the Golden Triangle

Project: Team Engagement Days

Background & Objectives

Siemens Communications, a division of Siemens plc, is one of the UK's leading communications suppliers, offering a full choice of technology and service solutions. They wanted to host an unforgettable Sales Incentive trip for 70 of its high achievers, surpassing their expectations with a once-in-a-lifetime experience.

With its expertise and qualifications in overseas event management, and previous track record of successful incentive trips abroad for Siemens Communications, MotivAction was invited to help achieve this.

Planning and Preparation

Through careful listening and research, MotivAction devised a choice of offerings for Siemens Communications, who swiftly agreed on: Incredible India and the Golden Triangle. From designing and producing a creative launch brochure to the main event itself, no stone was left unturned in the complex cross-cultural preparation.

The travel between venues was a complex logistical challenge, involving frequent re-checking and the flexibility and initiative to accommodate cultural differences in communication. On top of that, considerable effort went into ensuring guests' health was well looked after before and during the trip. Through patience and constant hard work, the MotivAction team ensured a totally smooth trip and a glorious experience for the guests.
